About This Game

Story

Riki Naoe lost his parents as a child, and fell deep into despair.

He was saved by a group of kids who called themselves the Little Busters: Kyouzuke Natsume, Masato Inohara, Kengo Miyazawa, and Rin Natsume.

They took him and played at being heroes who fought tireless evil around them.

Riki discovered endless joy in spending time with his new friends, even though the group was silly and their missions tended to end in failure.

Over time, it washed away his loneliness and suffering.

Years later, the whole gang was attending the same school, and Riki became a second-year.

They were still as silly as ever and spent their youth following Kyouzuke's silly ideas.

Description

"Little Busters!" is a hit visual novel that was originally released in Japan in 2007. In the following year, "Little Busters! Ecstasy" edition came out, promoting Kanata Futaki and Sasami Sasasegawa to heroines, and adding an all-new heroine, Saya Tokido. In 2012, the "Little Busters! PERFECT EDITION" was released with improvements in the "Little Busters! Ecstasy" scenarios. In 2012 and 2013, the game was made into two anime series "Little Busters!" and "Little Busters! ~Refrain~". Both series are available and have gained a large following in many countries outside of Japan as well. "Little Busters! English Edition" is a new version that further enhances "Little Busters! PERFECT EDITION". This new edition supports HD resolution for the first time on PC, and allows dynamic switching between Japanese and English text.

Characters

KYOUSUKE NATSUME

Easygoing Noisy Girl

Height: 145cm

Weight: 37kg

Measurements: 69, 51, 72

Exotic (Self-Proclaimed) Mascot

Her friends call her "Kud."

Height: 170cm

Weight: 55kg

Measurements: 90, 60, 89

MIO NISHIZONO

Height: 153cm

Weight: 41kg

Measurements: 75, 55, 79

Parasol-Holding Silent Beauty

SAYA TOKIDO

Height: 156cm

Weight: 44kg

Measurements: 83, 55, 82

KANATA FUTAKI

Height: 163cm

Weight: 47kg

Measurements: 80, 57, 82

Blunt, Unsociable, and Tactless Prefect

Kanata is the head prefect at school. She is inflexible, unfriendly, and doesn't hesitate before showering people with insults. She has persistent hostility toward any student who "corrupts public morals."

SASAMI SASASEGAWA

Height: 154cm

Weight: 43kg

Measurements: 78, 54, 81

Self-Centered Cat Queen

Sasami is the hope of the softball club and a prideful girl always accompanied by her followers. For some reason she considers Rin as her rival. Many people stutter when attempting to pronounce her tongue twister-like name.
